

THE SUNSET ROOM is a 'club' at the back of Value Village. To get there you will drive north along Store Street past Swan's Hotel on your left, and Chintz and Co. on your right.

NOTE: There is pay parking across from Chintz and Co. and across from Capital Iron, just past Value Village, as well as free parking (but not much of it) down in behind Capital Iron NEXT TO THE CHAIN LINK FENCE in the marina parking lot ONLY.

To find the Sunset Room, walk along Herald Street from Store Street toward the water – along the side of the Value Village building. Right at the back of the Value Village Building come through the black wrought iron gate and follow the sidewalk through the garden area along the back of the building. As the sidewalk opens out onto a brick patio, you will see, on your right, a set of double rust-colored doors right in the corner of the building. That's the Sunset Room, come on in!
